Invitation for Tender for the Provision of Data Storage Equipment and Virtual Machine Platform for Infrastructure Expansion to the Hong Kong Genome Institute

Hong Kong Genome Institute (the HKGI) invites qualified tenderers to submit tenders for the Provision of Data Storage Equipment and Virtual Machine Platform for Infrastructure Expansion to the HKGI.

General Scope

The scope of this project involves the provision of data storage equipment and virtual machine platform for infrastructure expansion of HKGI's bioinformatics platforms as well as the related maintenance and support services.

Qualification Criteria

Tenderer shall be a reputable organization and should have experience of at least 2 projects completed in the recent 5 years for the provision of hardware equipment (including data storage equipment) for infrastructure expansion in Hong Kong, with project sums over HK\$10 million each.

Tender Documents

Interested parties are required to provide information to the HKGI to show that they meet the qualification criteria (as stipulated above) by email to procurement@genomics.org.hk and to request a copy of the tender documents. The HKGI has the sole discretion to issue the tender documents to any person/entity whom the HKGI considers appropriate.

Tender Closing Date

12:00 noon (Hong Kong time) on 7 November 2024.
